Message from our principal Mr. Rohloff

*Paseo Families,
As we conclude the 2nd quarter and embark on the 3rd quarter, we will be increasing the focus on the expectation of excellence in our students. Now that we have had a semester of everyone back in-person and we have been filling in the learning gaps, we realize that the time is right to increase the rigor and vigor. Developmentally, students are at the right time to embrace the daily productive struggle of rigorous learning, so we will be providing them with the excellent education that they deserve. Sometimes there are "growing pains" with increased expectations, but we believe that our students are ready to RISE to success, and we appreciate the partnership with all of the families that know their students are capable of excellence!*

At Paseo Pointe we R.I.S.E to Success by being Responsible, showing Integrity, remaining Safe and being Engaged.

| Native American History Month

This month our students researched, read about and created presentations celebrating the Native American culture. We believe it is important that our students are culturally aware and that we celebrate the diversity that is within our Paseo Pointe community and families!

PBIS

Our PBIS efforts are in full effect. Since the first day of school, students have been taught the school wide expectations and procedures through R.I.S.E. and have been putting them into practice throughout the campus.

In order to continue to maintain our Rams R.I.S.E culture, we will emphasize two aspects this month.

Be present and on time

At school: The first bell rings at 7:25. If you are planning to eat breakfast, get to school early.

At home: Set a time to leave for school. Leave at the same time each day.

Be prepared and organized

At school: Wear an approved school uniform and have your ID every day.

At Home: Set out your clothes the night before. Place your ID and backpack with the materials you need for the next day by the door so you remember it every day.

These expectations will be emphasized all month long and will also be the guidelines in which students earn the recognition of "Student of the Month."

Thank you for our continued partnership in teaching our students to be their very best!
