Message from our principal Mr. Rohloff

As a lifelong Phoenix Suns fan, it has been so much fun to follow the Suns this year as they clinched the #1 seed for the playoffs! I have spent my whole life waiting for them to win a championship, and this year looks to be the best chance they have ever had. Likewise, it has seemed like a lot of learning and turbulence over the past few years, yet we have our "playoffs" coming up as well. In April we will take the AASA test in grades 3-8, and I am just as excited for our students. I know the teachers have been doing their best and I am so happy for the students to shine. Please make sure your students get good sleep each night, eat healthy meals, and I am sure they will do their best on the test. Go Rams and RISE to success on AASA!

At Paseo Pointe we R.I.S.E to Success by being Responsible, showing Integrity, remaining Safe and being Engaged.

| Movie Night Under the Stars

Our wonderful PTA held the first annual family movie night here at Paseo Pointe on March 19th. Families had the opportunity to gather and watch the Disney movie Encanto on a large screen. By donating two pairs of gently used shoes, families received a free bag of popcorn. The community we have here at Paseo Pointe is amazing and we love our #ppramfam!

PBIS

With state testing right around the corner let's continue to work together to support our Rams. Student attendance is very important, not only during testing but also in the next several weeks as we review and reinforce pertinent skills that students will need to achieve success. Listed below are ways you can help your children do their very best during testing:

- Make sure your children get a good night's sleep.
- All children should eat a good breakfast either at home or at school.
- It is important your children arrive at school on time, so they don't miss any parts of the test.
- Make any appointments before or after school.
- Send your children to school with a positive attitude. Encourage them to do their best. Let them know how wonderful you think they are.
