Message from our principal Mr. Rohloff

As we wrap up the 21-22 school year, I wanted to thank our families and teachers for the hard work to get us here. I know the days sometimes go by slowly, but the years are starting to fly by. I know the investments I made in my own personal children when they were young have paid off as they grow older, so I am making a recommendation for our students. I hope all students are able to “disconnect” this summer. Our children have a deep connection to electronic devices from a young age, so I hope the vacation time provides opportunities to enjoy nature, get outdoors, go for a hike, and just “disconnect.” Of course, reading and practicing math will help to mitigate summer learning loss, but maybe if we all have a chance to take a deep breath this summer, we can come back stronger next year!

At Paseo Pointe we R.I.S.E to Success by being Responsible, showing Integrity, remaining Safe and being Engaged.

The month of April was spent testing our academic knowledge that was gained over the 2021-2022 school year. Students in 3rd through 8th grade took assessments that covered Writing, Reading, Math & Science standards taught at their specific grade level. Students were awarded for their attendance with free dress down, popsicles and a popcorn party. We still have a lot to continue to learn as we wrap up the school year and slide into summer!

PBIS

As the school year comes to a close it is important that students continue to RISE to success. Thankfully “Rising to Success” can be applied in any situation, no matter where you are. Whether in school or at home, Paseo Pointe’s expectation of RISE includes four strong characteristics that, if possessed, will result in each other’s success. Thank you for your support this school year. We know that strong values are developed at home as well as at school. Your partnership is appreciated!
